Young @ Art - A Multimedia Journey

(Grades k - 2nd)

Children love to make up stories and to embark on creative journeys. This club is offered after school at **New Monmouth Elementary**.

In this Club, the members will be enhancing and increasing their knowledge of the basic art elements, such as colors, color mixing, shapes, forms, and lines. This special 8 weeks session will offer its participants the opportunity to have hands on the *Designing and Glazing of Ceramic Tiles*. Also, children are to be introduced *Textile Fabric Design and Cloth printing*. They will learn about and be inspired by *artists* and other *cultures*. A variety of media, from paint to collage, will be our vehicle for creative expression! Each child will create his/her own masterpieces using watercolors, paints, chalk, pencils, etc. At the end of the session, the children will display their artwork in their "art gallery" for all to view and enjoy.

This Specialty Arts Club is exclusively designed and only available for Students in grades k thru 2nd
