

DOMINICK DONATELLI SR.

SCHOOL CROSSING GUARD  
SUPERVISOR

TO: MIDDLETOWN TOWNSHIP BOARD OF EDUCATION  
AND  
MIDDLETOWN SCHOOL PRINCIPALS

DATE: JULY 31, 2009

SUBJECT: GUARDED CROSSING AREAS

As the supervisor of the Middletown School Crossing Guard Unit, I am once again asking for your help in advising your students and their parents of how important it is to cross their child at a designated school cross walk.

Each school year I, along with several guards observe parents, taking their child by the hand and cross them either between parked cars and or in an un-guarded area in the middle of the street.

The crossing guard is not going to stop a parent from crossing their child however, there may come a time when this same child reports to school on their own without a parent thinking it is okay to cross where ever they want. This could result in a dangerous situation for all involved.

For the safety of all our children. I ask that you advise all the parents to make their child aware how very important it is to cross at a designated crossing guard area.

C/C Chief of Police

Thank You,  
  
Dominick Donatelli Sr.  
Crossing Guard Supervisor.
