William O. George III, Ed.D.
Superintendent of Schools

August 2019

Dear Middletown Township School Community:

In June [we announced](#) the beginning of our new strategic planning process and a need for contributions from all of our stakeholders.

With your input, this strategic planning initiative will help us re-imagine our educational system to ensure that we are doing all we can to prepare future generations of students for success.

Developing an actionable model that can be implemented, measured and serve as our strategic compass over the next five years and beyond is crucial for our District to remain on the cutting edge of progressive educational trends. Our goal is to have this blueprint prepared and ready to present to the public in the early months of 2020.

Please take a few minutes and respond to the District's [Strategic Planning: 2019 Community Input Survey](#). Your valuable perspective on where our education system stands, where we need to be and how we can get there is integral to the process.

For more information about the process, including strategic planning meeting dates, please visit the [District website](#). To submit specific questions and comments about the District's strategic planning initiative please email strategicplanning@middletownk12.org.

Sincerely,

William O. George III, Ed. D.
Superintendent of Schools
