

Parents: We want to hear from you!

Catching Character Moments

Tell us about a time you witnessed your child showing positive character at home, with family or friends, or in the community. It could be a time they showed:

- Trustworthiness
- Respect
- Responsibility
- Fairness
- Caring
- Citizenship

We want to acknowledge and celebrate their developing character and positive choices. In the box below, please describe your child’s character moment.

Just as we recognize character in school with Bear Bucks, your child will earn a Bear Buck for his or her character moment shared here.

Child's name:

Teacher:

Character Moment:

Creating a positive school climate

At Leonardo Elementary, we value our children and their well-being. We support and celebrate their educational progress. We also support and celebrate their well-being and social and behavioral progress in a variety of ways.

Character Counts!

Our school embraces the 6 Pillars or character traits of the Character Education program: Trustworthiness, Respect, Responsibility, Fairness, Caring, and Citizenship. Each month our school focuses on one of these traits, providing class lessons and discussion, relating the traits to literature, and recognizing when students make good choices and demonstrate these positive traits.

Positive Behavioral Intervention and Supports

Bear Bucks are a fun and positive way to reinforce those positive behaviors students demonstrate through the day. Students can earn a Bear Buck when any staff member see them engaging in the character trait of the month.
