David Siwiak  
Manager of Information Services

Dear Parent(s)/Guardian(s),

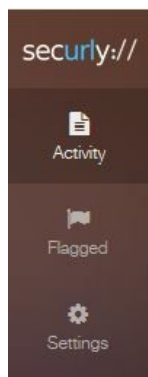

Our school uses Securly to help keep students safe on their school issued devices. A weekly email from Securly.com that will show you a preview of your child’s online activity. Real-time access is also available through the [Securly web portal](#) and the SecurlyHOME app available on [iTunes](#) and [Google Play](#).

If you do not wish to receive the weekly email from Securly, simply click unsubscribe in the bottom left corner of the email.

To enter the Parent Portal, click on the "Visit your portal" link on the top of the email

Or if this is your first visit, click the “sign- up to Securly” link at the bottom of your weekly email.

The Parent Portal contains three categories on the left from which you can choose:

1. Activity (shows a real-time audit trail of your child's online activity)
2. Flagged (shows posts made on Facebook, Twitter, and Google+ that have been flagged by Securly as potentially related to self-harm or bullying)
3. Settings (allows you to control content on the device at home only)

Please email [help@securly.com](mailto:help@securly.com) if you have further questions.

Sincerely,  
David Siwiak
