September, 2020

Dear Parent/Guardian:

The 12th Grade Family Life course is designed to help students develop the skills and attitudes necessary to achieve and maintain lifelong health and fitness. Students will review stages in human development and relationships from adolescence through adulthood. This will include both male and female reproductive systems, sexually transmitted infections, and methods of birth control including abstinence as well as pregnancy and childbirth, parenting, and teen pregnancy.

The following is an outline of the units covered this year in your child's 12th Grade Health Curriculum:

I. Family Dynamics	VI. Marriage, Divorce & Parenting
II. Male/Female Reproduction & Reproductive Disorders	VII. Pregnancy & Childbirth
III. Birth Control	VIII. Termination of Pregnancy, Teen Pregnancy
IV. Dating Relationships - Healthy, Abusive & Date Rape Drugs	IX. Transition to Post-Secondary Life
V. Sexually Transmitted Infections	

If you choose not to have your son/daughter participate in any portion of a unit, you must complete a "Request to be Excused" form which is available in the main school office.

Sincerely,

Devyn Orozco
