

Middletown Township Public School District presents

discover the wonders of engineering . . . together

for Middle School Students & their Parent/Adult Family Member

WHAT IS FAMILY ENGINEERING?

Modeled after Family Math and Family Science, Family Engineering is an informal engineering program that actively engages students and their families in fun, hands-on, engineering activities and events. Facilitated by our district's Middle School STEM Specialists, families work together as they problem solve, experiment, and discover. It is active, fun, challenging, and exciting!

WHO SHOULD COME TO FAMILY ENGINEERING?

This Family Engineering session is being offered to middle school students who attend **Thorne Middle School** and their adult family member. Each student must attend with a parent/guardian or other adult family member and each parent or guardian must attend with their student! Due to the number of students involved, we ask that you not bring any other siblings.

WHERE AND WHEN?

The event will be held in the All-Purpose Room of Thorne Middle School on November 2nd, 2016, Wednesday, from 6:30-8:30 pm.

Pre-registration is required. * Due to class sizes, late registrations will not be accepted.

HOW DO YOU REGISTER?

If you are interested in being part of our Family Engineering Night, please complete the form below and return it to your school by day October 19th, 2016, Wednesday.* *Keep in mind that enrollment may need to be limited so please only register if you are committed to attending. You will receive a response to your registration only if we cannot accommodate all interested families.* We are "Gear-ing up" for a fantastic evening!
