Chain of Command / How to Effectively Communicate with School Officials

Parents are often discouraged when they attempt to communicate with central office administrators and are sent back to building-based officials in order to resolve a problem their child may be experiencing in school. To prevent that frustration, parents can become informed about the “Chain of Command”, or where to begin the communication sequence regarding their child’s problem.

Many parental questions are easily and completely answered by communicating directly with the educator in charge of the class or program. Each situation should first be addressed at whatever level the initial action was taken with appeals moving on to the next level on the chain of command. The easiest way to communicate would be by email (*Email format: last_name;first_initial@middletownk12.org*). A phone call would be the next preferable way to communicate.

GENERAL INFORMATION AND STUDENT RULES

ATTENDANCE

ABSENCES

Students are expected to be in school attending class 180 days per year. Students who have accumulated twenty (20) days or more **unexcused** absences may be recommended for retention. If absent for a medical reason, students must submit official documentation within three days of returning to school. Absences will be excused for:

- Observance of designated religious holidays
- Take Your Child to Work Day

“Unexcused absence that counts toward truancy” is a student’s absence from school for a full or a portion of a day for any reason that is not excused as defined above or for any unexcused absence that does not count toward truancy listed below.

“Unexcused absence that does not count toward truancy” is a student’s absence from school for a full day or a portion of a day for the reasons listed below:

- The student’s illness supported by a written letter from the parent upon student’s return to school
- The student’s required attendance in court
- Where appropriate, when consistent with Individualized Education Programs, the Individuals with Disabilities Act, accommodation plans under 29 U.S.C. §§ 794 and 705(20), and individualized health care plans
- The student’s suspension from school
- Family illness or death supported by a written letter from the parent upon the student’s return to school
- Necessary and unavoidable medical or dental appointments that cannot be scheduled at a time other than the school day
- An absence for a reason not listed above, but deemed unexcused that does not count towards truancy by the principal, upon a written request by the student’s parent stating the reason for the absence and requesting permission for the absence to be an unexcused absence that does not count towards truancy

It is the responsibility of the student to confer with all teachers following an absence to complete any work that has been missed. The teacher will provide work when a student is ill for (3) three or more consecutive days.

A student must complete four hours of instructional time to be credited with being present on that day.

Parents shall call between 7:30 am and 9:00 am to report a student’s absence. Upon returning to school, students must bring a note signed by their parent, giving the date and reason for the absence. This note is to be given to the child’s homeroom teacher who will forward it to the main office. When a student is absent and no notification to the school has occurred or the student is out for an extended period of time, the main office will routinely call home.

When attendance becomes a problem, the school will begin the following actions:

- A warning letter will be sent home after the 5th absence.

- A warning letter will be sent home after the 10th absence, the attendance officer will be notified, Friday community service.
- A referral to the Intervention & Referral Services Committee (I&RS), and legal action may be taken after 15 absences.
- Meeting with Principal to discuss possible retention upon reaching 20 absences.

Removing a student from school for vacations and other non-emergency activity is NOT a legal absence. The parent must accept the responsibility of having their child make-up all missed work. Coursework will be provided when a student is ill for (3) three consecutive days. Any student who is absent from school may not participate in any after school activity. This includes athletics and social functions.

TRUANCY

A student will be considered truant when that child has deliberately missed school. Students who are truant (miss school for one day) shall be referred to the attendance officer and an Alternate School Program may be assigned.

When a student arrives after homeroom begins, but before the first period bell, the student should report to homeroom with a note from home explaining the reason for being late. During homeroom, attendance is recorded, and the Pledge of Allegiance is recited. Announcements of the day are presented over the intercom or by the homeroom teacher or by a student representative. These announcements may describe important events, changes in programs or special notices. It is important to listen carefully. Preparation for the day occurs. Students should check to be certain that they have all the necessary assignments, books, and materials for their classes.

- Walk in an orderly manner through the halls and on the stairs. DO NOT RUN.

Parents should hold their children responsible for bringing all necessary items to school; lunch, books, signature required items, eye-glasses, homework, projects, athletic equipment, etc.

Classes will not be interrupted to locate the students who fail to do so. Students are allowed to check to see if a parent has dropped off belongings during their free time (in-between classes/lunch).

LUNCHTIME

Lunch is served in the cafeteria. When students report to the cafeteria for the first time, they will be instructed by the teachers on duty as to where to sit and the proper procedures to follow.

When buying lunch, students will need to stand in an orderly line and talk quietly. Students should know what items they wish to purchase and should have their money ready. This will help the line move more rapidly.

- A monthly menu of lunches is posted on the district website

- Parents/guardians may elect to send a check for any amount that will be credited to your child's personal lunch account. Money will be deducted as purchases are made—please instruct your child to spend responsibly. Check should be made out to “MTBOE Cafeteria Account”. This procedure can be done on line. Please see District Website for further information.
- Our district, in cooperation with the Federal Government, offers a free and reduced lunch program. Please complete the application provided in the summer mailing and return it to your child's homeroom teacher. Any problems, call the Assistant Principal to check for eligibility.

A few important rules to remember while in the cafeteria:

- Students must be seated at a table while eating lunch. There should be no standing or walking about while eating.
- No loud talking or shouting. Students are expected to behave as if they are in a public restaurant or dining room.
- Tables are to be cleaned before students can be dismissed.
- Students are expected to follow all instructions given by the teachers in charge.
- Students are not to carry food or drink outside the cafeteria.

TEXTBOOKS AND BACKPACKS

Students are responsible for all assigned textbooks. In order to insure the condition of the books, permanently assigned textbooks are to be covered. Teachers will periodically check books for covers. Students should put general information such as name, class and room number on the inside cover in ink. Students will be held financially accountable for textbooks assigned to them. Fines will be assessed for lost and damaged books.

- Backpacks and book bags are not to be carried during the school day. These items are used to transport textbooks and notebooks to and from school.

TELEPHONES

The office phone is to be used for school business or in case of an emergency. Parents should not call the school with messages for students except in an *emergency*.

LOCKERS & GYM LOCKERS

All lockers are the property of the school, and as such, the school reserves the right to open, inspect or restrict the use of lockers at any time. Lockers are assigned each September in the vicinity of the student's homeroom. The lockers should be kept locked at all times. Students are cautioned against telling their combinations to each other, or they cannot expect their property to be safe. Each student is responsible for keeping the locker clean both inside and outside. Students are cautioned not to keep money or valuables in their locker. They should turn in such items to the office for safekeeping.

Students will also have a lock for use in the physical education area. The physical education department will provide details regarding this lock. The school is not responsible for any item that has not been secured in a locked locker.

BATHROOMS

The bathrooms are open for student use during the entire school day. Students are responsible for keeping them neat and orderly. Bathrooms are not social gathering places. There is to be no smoking at any time on school grounds and specifically not in the bathrooms. Students will be suspended for this abuse of the bathrooms. During the school day, all students must have a pass to use the bathroom.

DISMISSAL

When school is dismissed, many students must board buses and leave the school within a 10 minute period, following the directions of the supervising teachers. If there is a questions as to which bus to ride, students should ask for assistance.

Students should walk quickly to the buses. Students must remain on the sidewalk until the buses have come to a full stop. This is a potentially dangerous and difficult procedure and requires the cooperation of each person.

AFTER SCHOOL ACTIVITIES

Students may stay after school to receive extra help, use the library, or participate in extracurricular activities. (See page 30 for academic eligibility requirements for extracurricular activities.)

Transportation home for after-school activities is the responsibility of the student and parents. There are no late buses. Students must be supervised at all times. No one is permitted in the building unsupervised after school.

Students who are absent from school on any given day may not participate in, or attend after school activities or athletic events on that day.

Students may not bring guests to dances. Students who are waiting for transportation more than 15 minutes after a dance or athletic event will not be permitted to attend the next dance or athletic event.

SCHOOL SPORTS

A permission slip is required for each school sport. Students trying out for sports must have an athletic physical exam before try-outs begin. A special form is required to be completed by the child's physician. Sports Information Packets and required forms can be found on the district website.

HOMEWORK

Homework is defined as an extension of in-class work completed outside of class and not under the direct supervision of the teacher. Homework is a valuable learning tool when it meets clearly understood purposes. Homework is a valuable asset to students in that it:

- Reinforces skills and concepts learned in class.
- Develops planning and organization skills.
- Promotes student interaction with other students, family members and community.
- Provides the opportunity to apply concepts learned to real-life situations.

The Board of Education policy specifically states that 1 to 1½ hours of meaningful homework should be assigned per day. This translates into approximately 15-20 minutes per subject area.

STUDY BUDDY-HOMEWORK REQUESTS

Students are to select a "Study Buddy" for each class and exchange phone numbers. When a student is absent, it is his/her responsibility to contact the "Study Buddy" and get the homework whenever possible. Parent requests may be made ONLY for THREE consecutive days of absence. Arrangements to pick up homework should be made through the guidance office. Please call the guidance office before coming in to pick up assignments to be sure homework has been sent.

STUDENT CODE OF CONDUCT

Decisions of building principals relating to issues contained in this handbook shall be final. Appeals of such decisions shall be made to the building principal for re-consideration.

Therefore, all acts of violence will not be tolerated. **Students will be disciplined to the fullest extent, which will include exclusion from school, police notification, and a possible recommendation for expulsion.**

- Gambling or wagering of any type
- Selling of items or transfer of money between students
- Harassment, Intimidation, Bullying
- Terroristic Threats

Depending upon the severity of the offense and/or the frequency the police may be notified. For offenses which require more than four days of Out Of School Suspension (OSS), students may be assigned additional days of community service. The after school Community Service Program may be assigned in lieu of other disciplinary actions at the discretion of school administration.

HARASSMENT, INTIMIDATION, HAZING OR BULLYING POLICY

The Middletown Township Board of Education prohibits acts of harassment, intimidation, or bullying of a pupil. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe and disciplined environment. Since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying. This policy is established according to provisions set forth by the New Jersey Department of Education.

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

- Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or
- By any other distinguishing characteristic; and that
- Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S. A. 18A:37-15.3, that substantially disrupts or interferes with the orderly operation of the school or the rights of other pupils; and that
- A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a pupil or damaging the pupil's property, or placing a pupil in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or
- Has the effect of insulting or demeaning any pupil or group of pupils;
- Creates a hostile educational environment for the pupil by interfering with a pupil's education or by severely or pervasively causing physical or emotional harm to the pupil.

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to; a telephone, cellular phone, computer, or pager.

Pupils are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Pupil Conduct as opportunities to help pupils learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with pupils shall apply best practices designed to prevent pupil conduct problems and foster pupils' abilities to grow in self-discipline.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Pupils are encouraged to support other pupils who:

- Walk away from acts of harassment, intimidation, and bullying when they see them;
- Constructively attempt to stop acts of harassment, intimidation, or bullying;
- Provide support to pupils who have been subjected to harassment, intimidation, or bullying; and
- Report acts of harassment, intimidation, and bullying to the designated school staff member.

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for pupils who commit one or more acts of harassment, intimidation, or bullying, consistent with the Code of Pupil Conduct, and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation, or bullying.

Consequences and appropriate remedial action for a pupil or staff member who commits one or more acts of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion of pupils. Remedial measures shall be designed to correct the problem behavior, prevent another occurrence of the problem, protect and provide support for the victim of the act, and take corrective action for documented systemic problems related to harassment, intimidation, or bullying.

This Policy and the Code of Pupil Conduct shall apply to instances when a school employee is made aware of alleged harassment, intimidation, or bullying occurring off school grounds when:

- The alleged harassment, intimidation, or bullying has substantially disrupted or interfered with the orderly operation of the school or the rights of other pupils; and either

- A reasonable person should know, under the circumstances, that the alleged behavior will have the effect of physically or emotionally harming a pupil or damaging the pupil's property, or placing a pupil in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or
- The alleged behavior has the effect of insulting or demeaning any pupil or group of pupils; or
- The alleged behavior creates a hostile educational environment for the pupil by interfering with a pupil's education or by severely or pervasively causing physical or emotional harm to the pupil.

The Board of Education requires the Principal at each school to be responsible for receiving complaints alleging violations of this Policy. Pupils, parents, and visitors are encouraged to report alleged violations of this Policy to the Principal on the same day when the individual witnessed or received reliable information regarding any such incident. Pupils, parents, and visitors may report an act of harassment, intimidation, or bullying anonymously. Formal action for violations of the Code of Pupil Conduct may not be taken solely on the basis of an anonymous report.

The Board prohibits any person from falsely accusing another as a means of retaliation or as a means of harassment, intimidation, or bullying. Consequences and appropriate remedial action for a pupil found to have falsely accused another as a means of harassment, intimidation, or bullying or as a means of retaliation may range from positive behavioral interventions up to and including suspension or expulsion.

The full Harassment, Intimidation, and Bullying Policy and Regulation may be found on our school Web site.

FRIDAY DETENTION/OUT OF SCHOOL DETENTION

A principal shall assign a student to a two-hour Friday detention rather than out-of-school suspension for certain serious rule infractions detailed in the Conduct policy.

GUIDANCE SERVICES

Each student is assigned a guidance counselor whose role is to aid in making important decisions regarding his/her education. Counselors also serve as student advocates, assisting students with social or academic problems they might encounter. Students remain with the same counselor for their three years in middle school. Students may request an appointment with their counselors by signing a sheet posted in the guidance office. If at any time a student feels his/her rights have been denied, the student should speak to a counselor or teacher. These professionals will be glad to discuss the concerns.

Parents are encouraged to communicate freely with the guidance counselors on a regular basis. If a parent wishes to speak with a grade level counselor or any teaching staff member, please call the guidance secretary to arrange an appointment. Department coordinators and guidance counselors will be happy to address any curriculum concerns. In the unlikely event a problem arises between your child and any staff member, please know that the procedure is:

- Speak with the staff member first
- If you feel it is necessary to discuss it further, please call guidance

CHILD STUDY TEAM

The Child Study Team is responsible for evaluating children to determine if they have educational handicaps. The Child Study Team is composed of a school psychologist, a social worker, and a learning disabilities teacher consultant. The team members write individual education programs for children who receive special services, provide consultations to parents and staff, and act as community liaisons. The Child Study Team members work closely with guidance counselors and teachers to implement programs for students who receive special services. The team may also provide consultations for non-classified students. Phone numbers for the Child Study Team offices are: Bayshore (732) 291-5287, Thompson (732) 671-2212, Thorne (732) 787-1220.

STUDENT ASSISTANCE PROGRAM

Throughout the school year, the Student Assistance Program staff will implement a variety of support groups and short-term intervention services, focused on self-esteem building, decision making, and improving peer relationships. These *confidential* services are provided to students who voluntarily wish to participate. Confidentiality is crucial in providing a trusting atmosphere where students can grow.

Student Assistance Counselors (SAC) perform their duties with regard to substance problems under federal confidentiality laws, which protect the privacy of students who enter the program for help.

REPORT CARDS AND PROGRESS REPORTS

Report cards are issued four times a year. Academic progress reports are issued at the middle of each marking period. Both are to be signed by the parent/guardian and returned to the homeroom teacher. Students' ongoing progress can be monitored by parents on the Power School Parent Portal.

HIGH HONOR ROLL AND HONOR ROLL

After report cards are issued each marking period, students may qualify for academic honors. To arrive at these honors, the number of quality points are totaled. Each percentile grade is equivalent to quality points as indicated below:

100-95	=	9 quality points	79-75	=	5 quality points
94-90	=	8 quality points	74-70	=	4 quality points
89-85	=	7 quality points	69-65	=	2 quality points
84-80	=	6 quality points	64 or below	=	0 quality points

Qualifications for High Honor Roll are as follows:

- Nothing lower than a B for the High Honor Roll and 54 quality points for a 7 subject student; 62 quality points for an 8 subject student.

Middle School Academic Honor Cards are awarded to students who qualify following each marking period.

Qualifications for Honor Roll are as follows:

- Nothing lower than a B for Honor Roll and 42 quality points for a 7 subject student; 48 quality points for an 8 subject student.

Courses that are offered once a week do not count toward High Honor Roll and Honor Roll.

PROMOTION-RETENTION

Any student who fails 2 or more full year subjects for the entire school year may be subject to retention. The activity arts cycle shall each be considered a full year. Students who exhibit a pattern of failure shall be referred to the school I & RS Committee. The committee will recommend appropriate action to the building principal. Student who accumulates more than 20 unexcused absences will meet with principal to discuss possible retention.

CODE OF CONDUCT

This table represents the most common infractions of school regulations and guidelines for determining penalties. Penalties may vary because of the frequency and/or intensity of the infraction. All Student Code of Conduct matters will be handled on an individual basis and administrative discretion will be used in the final adjudication of discipline. Circumventing discipline or misbehavior during assigned disciplinary consequences will result in progressive disciplinary action.

A suspended student may not be on school property or attend any school-sponsored events for the duration of the suspension.

Multiple or egregious violations of the code of conduct may result in loss of privileges, including but not limited to class trips, school dances, extracurricular activities, and 8th grade promotion ceremony.

HEALTH OFFICE

Middle schools are staffed by full-time registered nurses. Questions concerning school physicals or other health concerns should be addressed to the nurse. The Health Office should also be notified of any student injuries or illnesses which may require special assistance or provisions during the school day. Some basic Health Office policies are as follows:

EMERGENCY INFORMATION

During the spring of the year you will receive information from your child's school to update emergency information. Please keep information current during the school year by sending changes in writing to the main office.

FIRE DRILL PROCEDURES

Students must move quickly and quietly to evacuate the building in an orderly fashion.

MEDICATION POLICY

If it is necessary that a student receive medication, during school hours, including over the counter drugs, the following procedures must be complied with:

- The nurse must receive the doctor's instructions in writing, including the diagnosis, name of the medication, dosage and time interval.
- The nurse must receive a note from the student's parent/guardian requesting that the school nurse administer the medication prescribed by the doctor.
- The nurse must receive the medication in the original prescription container.

The school advises that all parents have medical insurance for their children. The State of New Jersey offers affordable health care called NJ Family Care. They can be reached at 1-800-701-0710.

Students are prohibited from moving pianos, VCR's and other equipment that may cause injury.

ASTHMA

As per new laws, students diagnosed with asthma may carry their inhaler and self-administer, if in addition to the above criteria, the doctor's note states, "The child may carry inhaler at all times, and self-administer." This note will also allow a child to take the inhaler on trips without the additional paperwork needed.

USE OF CRUTCHES

A doctor's note is required which specifically indicates that a student is to use crutches while attending school. This note also implies that the student has been taught how to use the crutches.

PHYSICAL EDUCATION EXCUSE

If a student needs to be excused from physical education for longer than one day, a written doctor's note must be filed in the Health Office.

STREP THROAT

Any student diagnosed by a doctor as having Strep throat must have a doctor's note stating that he/she may return to school, as per Board policy.

CONJUNCTIVITIS

Any student diagnosed with conjunctivitis will be excluded from school until all symptoms are clear or a certificate is received from a doctor.

HOME INSTRUCTION

Serious illness and injuries requiring more than two weeks absence qualify a child for home instruction. Home instruction must be requested in writing from a doctor stating:

1. The cause of absence
2. The length of time your child will be expected out of school
3. The recommendation that your child be placed on home instruction

ILLNESS

Students who become ill during the day and feel the need to go home must report to the nurse. If students report to the nurse complaining of not feeling well, their temperature will be taken. If they have a fever of 100°, they are immediately excluded from school. Otherwise, students may rest for 15-30 minutes and then they will be encouraged to report to their classes.

INJURY

If a student is injured while in school, first aid will be given. Minor injuries will be treated in school. If it is apparent that a child needs medical care, a parent will be called. It is important that every child's emergency card is updated regularly so that children can receive prompt care. In the event of a serious injury and the parent is unavailable, a staff member will accompany the student to an emergency facility for treatment.

SCREENINGS

The following is a schedule for school screenings:

Vision, Height, Weight and Scoliosis	Grades 6-7-8
Hearing	Grades 6 and 8
School Physical	Grade 7

TRIPS

In most cases, a nurse does not go on school trips. Since the nurse is the only person who can administer medication, special arrangements must be made at least three weeks before the trip if your child must have medication available. Clearance from a doctor is needed for any school trip if your child is excused from physical education classes for illness or injury.

INCLEMENT WEATHER

The decision to close school or delay opening due to weather or other conditions is made by approximately 5:30 am. This information is announced on local radio stations, by individual school chain-call lists, as well as on the Board of Education recorded message (671-3850).

The following radio stations will broadcast this information:

WOR	710 AM
WJLK	1310 AM
WADB	94.3 FM
WKXW	101.5 FM

WKXW is simulcast on Comcast Channel 8 from 5:30 am to 10:00 am. School closings and delayed openings will be posted on the District's web page (<http://www.middlestownk12.org>) after a decision has been made. Announcement of cancellation of non-school-hour programs and athletic programs, due to inclement weather or other reasons, is announced over radio station WJLK once the decision is made by the proper authority.

DELAYED OPENINGS/EMERGENCY CLOSINGS

Middle Schools will start at **9:40 am** and end at the regular school time. There is always bus transportation for the students who would regularly be transported to and from school. Students may not ride another bus. **THERE ARE NO EXCEPTIONS.** Please know that when a delayed opening occurs, students should report to their assigned bus stop 90 minutes from the regularly scheduled pickup time. (If the regular pickup time is 7:30 am, delayed opening pickup time will be 9:00 am.)

In the event of a decision to close schools early due to inclement weather, students will be dismissed at approximately 12:30. Transportation will only be provided to those students who normally ride our buses. All parents and guardians should arrange for a personal emergency family plan with their children beforehand. Parents and guardians should anticipate announcements on the above radio stations should the weather warrant this decision.

PLEASE READ THE FOLLOWING POLICIES CAREFULLY

The following pages contain important policies that parents/guardians and students must read and sign-off on the back of the child's emergency card. Parents/Guardians signatures will be kept on file.

DRUG AND ALCOHOL USE

Any student who sells, gives, possesses, uses or is under the influence of illicit drugs, narcotics or alcohol in, or on school property while attending school-related activities, including buses, shall be suspended from school and reported to the appropriate law enforcement agencies for possible legal action. The administration reserves the right to order a blood or urine test and medical examination by a physician of any student suspected to be under the influence of drugs or alcohol as provided for in 18A: 40-4 1&2.

ELECTRONIC SURVEILLANCE AND RECORDING POLICY

Bayshore Middle School, Thompson Middle School and Thorne Middle School have been equipped with electronic surveillance and recording equipment. Any student committing an infraction of the discipline code as observed on these electronic devices will be subject to punishment as prescribed in the discipline code.

INTERNET ACCESS

The school district may provide Internet access for students during school hours. The purpose of the district-provided-Internet access is to facilitate communications in support of research and education. To remain eligible as users, students' use must be in support of and consistent with the education objectives, as per Middletown Township Board of Education Policy .

Middletown Township Public Schools Electronic Information Resource User Contract

We are pleased to announce that electronic information services are now available to students and teachers in our District who qualify as a result of participation in an orientation and/or training course. The District strongly believes in the educational value of such electronic services and recognizes the potential of such to support our curriculum and student learning in our District. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication.

The District will make every effort to protect students and teachers from any misuses or abuses as a result of their experiences with an information service. All users must be continuously on guard to avoid inappropriate and illegal interaction with the information service.

Listed below are the provisions of this contract. If any user violates these provisions, access to the information services may be denied and you may be subject to disciplinary action.

Terms and Conditions of Contract

1. *Personal Responsibility*

As a representative of this school, I will accept personal responsibility for reporting any misuse of electronic information services to the building administrator. Misuse can come in many forms, but it is commonly viewed as any message(s) sent or received that indicate or suggest pornography, unethical or illegal solicitation, racism, sexism, inappropriate language, and other issues described below. All the rules of conduct described in the District Policy apply when you are on the electronic information services.

2. *Acceptable Use*

The use of the District's account must be in support of education and research and with the education goals and objectives of the District (these may be found in the District's Policy). I am personally responsible for this provision at all times when using the electronic information services:

- a. Use of other organization's networks or computing resources must comply with rules appropriate to that network.
- b. Transmission of any material in violation of any United States or other state organizations is prohibited. This includes, but is not limited to, copyrighted material, threatening or obscene material, or material protected by trade secret.
- c. Use of commercial activities is generally not acceptable.
- d. Use of product advertisement or political lobbying is also prohibited.

I am aware that the inappropriate use of electronic information resources can be a violation of local, state and federal laws and that I can be prosecuted for violating those laws.

3. *Privileges*

The use of the information system is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. Each person who uses information services will participate in an orientation and/or training course pertaining to proper behavior and use of the network. The building administrator and technology coordinator (operating under the aegis of the school board and the District office) will decide what is appropriate use and their decisions are final. These persons may terminate information service access at any time when deemed necessary. The administration, staff, or faculty of the District may request that the technology coordinator deny, revoke, or suspend specific user access.

4. *Network Etiquette and Privacy*

You are expected to abide by the generally accepted rules of network etiquette. These rules include (but are not limited to) the following:

- a. **BE POLITE.** Never send, or encourage others to send, abusive messages.

 - Do use accurate and descriptive titles for your articles. Tell people what it is about before they read it.
 - Do get the most appropriate audience for your message, not the widest.

5. *Services*

The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages suffered while on this system. These damages include loss of data as a result of delays, non-deliveries, mis-deliveries, or service interruptions caused by the system, or your errors or omissions. Use of any information obtained via the information system is at your own risk. The District specifically disclaims any responsibility for the accuracy of information obtained through its services.
6. *Security*

Security on any computer system is a high priority because there are so many users. If you identify a security problem, notify the building administrator at once. Never demonstrate the problem to other users. Any user identified as a security risk will be denied access to the information system.
7. *Vandalism and Harassment*

Vandalism is defined as any malicious attempt to harm or destroy computer hardware and data of another user or any other agencies or networks that are connected to the system. 8. *Procedures for Use*

Student users must always get permission from their instructors before using the network or accessing any specific file or application. FOLLOW CLASSROOM INSTRUCTIONS. Student users must sign-in legibly on the appropriate log or register in the classroom each time they use the network. All users have the same right to use the equipment. Therefore, users shall not play games or use the computer resources for other non-academic activities when other users require the system for academic purposes. In addition, users shall not waste nor take supplies, such as paper, printer ribbons, and diskettes, which are provided by the District. All users agree to talk softly and work in ways that will not disturb other users.
9. *Encounter of Controversial Material*

Users may encounter material that is controversial and which users, parents, teachers or administrators may consider inappropriate or offensive. However, on a global network it is impossible to control effectively the content of data, and an industrious user may discover controversial material. It is the user's responsibility not to initiate access to such material. Any decision by the Middletown Township School District to restrict access to Internet material shall not be deemed to impose any duty on the Middletown Township School District to regulate the content of material on the Internet.

FUND RAISING

The Middletown Township Board of Education recognizes the value of fund raising to help defray the cost of certain student activities. The District does not wish to limit fund raising, but there are guidelines. To insure student safety the following procedures apply to **ALL** fund raising activities in the schools:

- **No fund raiser will be approved that requires any door-to-door solicitation by students.**
- **No fund raiser will be approved that offers individual incentives or rewards for students.**
