

The district will hold an information session to discuss the recent testing of water outlets throughout the district. The results of the testing indicated that two water outlets in the district were above the standard as follows.

Sample Location	Results ($\mu\text{g/l}$ or ppb)	Remedial Action
<u>Middle Village School</u> Room 16 bubbler	26 (15 or less is the standard)	Outlet has been shut down and will be replaced. It will be re-sampled prior to use.
<u>River Plaza School</u> Nurse's Office Sink	73 (15 or less is the standard)	Outlet has been shut down and will be replaced. It will be re-sampled prior to use.

The Middletown Township Health Department Director, Rich DeBenedetto and the District Supervisor of Plant Operations and Safety, Ken Walls as well as district administration will be on hand to discuss the water testing process and results. All school community members are welcome.

The information session will take place as follows:

Date: Thursday, May 11

Time: 7 p.m.

Place: Central Office—834 Leonardville Road, Leonardo
