Superintendent of Schools

Kimberly Pickus
Assistant Superintendent

September 1, 2019

Dear Parent/Guardian,

We are pleased to share with you that Middletown Township Public School District has purchased *DreamBox*, an online, adaptive learning resource intended to help students to become more proficient in mathematics. Since *DreamBox* is an online program, there is no software to download. All you need is a high-speed Internet connection and Adobe Flash. Adobe Flash is free and is included with many Internet browsers.

Your child can access *DreamBox* Learning from any **computer**, 24 hours a day, 7 days a week **using only this link for River Plaza Elementary School: <https://play.dreambox.com/login/kc58/gbky>** and the username and password they were given in class.

To access *DreamBox* on an **iPad**, go to <http://www.dreambox.com/ipad>, or search for "*DreamBox* Math" in the App Store. When prompted in the app, use the School Code **kc58/gbky**

If you wish to review your child's academic progress, you can create a free *DreamBox* Parent Account by following these steps:

1. Go to <https://play.dreambox.com/login/kc58/gbky>
2. Have your student login to their profile just as they would at school.
3. Click "Setup Parent Access" at the bottom of the page.
4. Follow instructions to create a new login and password.
5. Read "Terms of Use" and "Privacy Policy".
6. Click "Submit".

After creating your parent account, to log in:

1. Go to <http://play.dreambox.com>
2. Enter your email address and password.
3. To see student progress, click the "Family Dashboard" button.

If you should have any questions about your child using the program, please contact your school's Mathematics Specialist, Melanie Tindall (tindallm@middletownk12.org). If you have any problems accessing the program on your devices at home, please contact *DreamBox* Customer Support at 877-451-7845 (weekdays 7am to 5pm, Pacific Time), or email support@dreambox.com.

We look forward to supporting your child as he or she works with *DreamBox* and are confident you do as well. One word of caution, please read "Why a Little Help Can Go a Wrong Way" at the *DreamBox* website before your child begins to use the program at home: <http://www.dreambox.com/blog/why-a-little-help-can-go-a-wrong-way>.

Sincerely,

John Kerrigan

K-12 Director of Mathematics
