

Dear Navesink families,

My name is Diana LeBourveau and I am thrilled to be joining the Navesink community as the school nurse. I have been a Registered Nurse for 24 years, earning my B.S. in Nursing at The College of New Jersey. I received my school nurse certification from Rutgers University and I have worked as a substitute school nurse in Middletown for several years. I am looking forward to getting acquainted with the students, staff and families of this amazing school community!

Included below are links to medication forms and health condition action plans for the **2021-2022** school year. If your student requires medication at school, please have your child's healthcare provider complete the appropriate form and return forms to the Health Office. Please note, for safety reasons, medications must be brought to the Health Office by a parent or guardian and should not be sent into school with a student.

A health update is also included below. Please complete and return on the first day of school in order to help me best care for your student/s. If you have any questions or concerns, please feel free to contact me at lebourveaud@middletownk12.org. I will also be available in the Health Office beginning September 1st.

Click on blue writing for the form you need to print :

[Health update](#)

[Asthma](#)

[Diabetes](#)

[Food allergy](#)

[Seizure Action plan](#)

[General medication ordered by doctor/ nurse practitioner](#)

[As needed medication, parent permission only](#)

I hope you enjoy the remaining days of summer. I am looking forward to a fantastic year as your school nurse and cannot wait to meet you all!

Be well,

Diana LeBourveau, BSN, RN, CSN
