

## ELA & MATH Summer Resources!

### **MATH:**

Linked below are documents for each grade level with clickable links for suggested summer resources. It is highly recommended that you print the list for each student to take home, and also share the list digitally (be sure to “make a copy first” so students and parents can take advantage of the links.)

- **Kindergarten, 4th, & 5th Grade Teachers:** Print the list below as well as the first **TWO** resources and staple them to the list.
  - [K into 1st](#)
  - [4th into 5th](#)
  - [5th into 6th](#)
  
- **1st, 2nd, & 3rd Grade Teachers:** Print out the list below as well as the first **THREE** resources and staple them to the list.
  - [1st into 2nd](#)
  - [2nd into 3rd](#)
  - [3rd into 4th](#)

### **ELA:**

Summer reading menus for each grade level are here again! Each menu is full of suggested books to read and activities to complete throughout the summer. These materials will be available on the district's website under the Students tab - Summer Reading. Below are the links for you to share your specific grade level information with students and parents to further explain the importance of reading over the summer to maintain the learning they did all year!

\*Menus are full of links about authors, genres, or series, so you may want to share the information electronically and/or print the pages.
