

REQUESTING DONATIONS FOR THOSE IN NEED

Catie, a Middletown HS student noticed how expensive school supplies are and wondered how do families with more than one child pay for it all. Catie wanted to start a school supply donation program to help families in need get the basic supplies to start the school year off right. Catie has teamed up with Alicia Maresco at Bayshore Family Success Center to help students in the community get what they need.

“Catie Cares” School Supply Donation Program
