5756 - TRANSGENDER STUDENTS (M)

Section: Students

Date Created: May 2019

Date Edited: May 2019

The Board of Education is committed to providing a safe, supportive, and inclusive learning environment for all students. The New Jersey Law Against Discrimination (NJLAD), N.J.S.A. 10:5-12(11)(f), generally makes it unlawful for schools to subject individuals to differential treatment based on gender identity or expression. Title IX of the Education Amendments of 1972 (“Title IX”) specifically prohibits discrimination on the basis of sex in Federally-funded education programs and activities [20 U.S.C. § 1681(a)].

~~N.J.S.A. 18A:36-41 directs the Commissioner of Education to establish guidelines outlined in this Policy to provide direction for schools in addressing common issues concerning the needs of transgender students, and to assist schools in establishing policies and procedures that ensure a supportive and nondiscriminatory environment for transgender students.~~

Definitions/Terms

~~A safe and supportive environment within a school begins with understanding and respect. The Board believes students, teachers, and administrators should be provided with common terminology associated with gender identity. The terms listed below are commonly used by advocacy and human rights groups, however students may prefer other terms to describe their gender identity, appearance, or behavior. It is recommended school personnel discuss with the student the terminology and pronouns each student has chosen.~~

~~“Gender identity” means a person’s internal, deeply held sense of gender. All people have a gender identity, not just transgender people. For transgender people, the individual’s internal gender identity is not the same as the gender assigned at birth.~~

~~“Gender expression” means external manifestations of gender, expressed through a person’s name, pronouns, clothing, haircut, behavior, voice, and/or body characteristics. Society identifies these cues as masculine and feminine, although what is considered masculine or feminine changes over time and varies by culture.~~

~~“Assigned sex at birth (ASAB)” refers to the biological sex designation recorded on a person’s birth certificate upon the initial issuance of that certificate, should such a record be provided at birth.~~

~~“Gender assigned at birth” refers to the gender a child is assigned at birth or assumed to be, based on their biological sex assigned at birth.~~

~~“Sexual orientation” describes a person’s enduring physical, romantic, and/or emotional attraction to another person. Gender identity and sexual orientation are not the same. A transgender person may be straight, lesbian, gay, bisexual, or asexual. For example, a person who transitions from male to female and is attracted solely to men may identify as a straight woman.~~

~~“Transgender” is a term for an individual whose gender identity and/or gender expression differs from those typically associated with the sex and gender assigned at birth.~~

~~“Transition” is the process by which a transgender person recognizes that their authentic gender identity is not the same as the gender assigned at birth, and develops a more affirming gender expression that feels authentic. Some individuals socially transition, for example, through dress, use of names and/or pronouns. Some individuals may undergo physical transition, which might include hormone treatments and surgery. School district personnel should avoid the phrase “sex change,” as it is an inaccurate description of the transition process; the process is more accurately described as “gender confirming.”~~

~~“LGBTQ” is an acronym for “lesbian, gay, bisexual, transgender, and queer/questioning.”~~

~~“Gender nonconforming” describes a person whose gender expression does not conform to the gender expectations of their family or community. Gender nonconformity is not necessarily an indication that a youth is transgender; many non-transgender youth do not conform to stereotypical expectations.~~

~~“Gender expansive, Gender diverse, Gender fluid, Gender non-binary, A gender, Gender queer” are terms that convey a wider, more flexible range of gender identity and/or expression than typically associated with the binary gender system. For example, students who identify as gender queer or gender fluid might not identify as boys or girls; for these students, the non-binary gender identity functions as the student’s gender identity.~~

~~“Cisgender” refers to individuals whose gender identity, expression, or behavior conforms with those typically associated with their sex assigned at birth.~~

Student-Centered Approach

The school district shall accept a student’s asserted gender identity; parental consent is not required. A student need not meet any threshold diagnosis or treatment requirements to have his or her gender identity recognized and respected by the school district, school, or school staff members. In addition, a legal or court-ordered name change is not required. ~~There is no affirmative duty for any school district staff member to notify a student’s parent of the student’s gender identity or expression.~~ **The Board finds that conversations with counselors, teachers or other staff about one’s gender identity and expression are entitled to confidentiality. However, in the event a student requests a public social transition accommodation, such as public name/identity/pronoun change, bathroom/locker room accommodation, or club/sports accommodations, or the like, the school district shall notify a student’s parents or guardian of the student’s asserted gender identity and/or name change, or other requested accommodation, provided there is no documented evidence that doing so would**

subject the student to physical or emotional harm or abuse. It shall be the policy of the Board to support and facilitate healthy communication between a transgender student and their family, rather than foster an unreasonable expectation that a public in-school transition will remain confidential or require district staff to affirmatively misrepresent information to parents.

There may be instances where a parent of a minor student disagrees with the student regarding the name and pronoun to be used at school and in the student's education records. In the event a parent objects to the minor student's name change request, the Superintendent or designee should consult the Board Attorney regarding the minor student's civil rights and protections under the NJLAD. School staff members should continue to refer to the student in accordance with the student's chosen name and pronoun at school and may consider providing resource information regarding family counseling and support services outside of the school district.

School districts should be mindful of disputes between minor students and parents concerning the student's gender identity or expression. Many support resources are available through advocacy groups and resources from the New Jersey Department of Children and Families and New Jersey Department of Education's "Child Abuse, Neglect, and Missing Children" webpage.

~~The Principal or designee should have an open, but confidential discussion with the student to ascertain the student's preference on matters such as chosen name, chosen pronoun to use, and advise the student of the parameters of this policy concerning parental communications.~~ A transgender student shall be addressed at school by the name and pronoun chosen by the student, regardless of whether a legal name change or change in official school records has occurred. The school shall issue school documentation for a transgender student, such as student identification cards, in the name chosen by the student. A transgender student shall be allowed to dress in accordance with the student's gender identity.

The Principal or designee should also discuss with the student, and any other individuals at the student's request, the risks associated with the student's transgender status being inadvertently disclosed. ~~For example, the Principal or designee should inform the student the transgender status may be revealed due to other students' discussions at home. The Principal or designee should work with the transgender student to ensure awareness of activities and events that may inadvertently disclose the transgender student's status.~~

Safe and Supportive Environment

The Board developed and adopted this Policy to ensure that its schools provide a safe and supportive learning environment that is free from discrimination and harassment for transgender students, including students going through a gender transition. ~~Gender-based policies, rules, and practices can have the effect of marginalizing, stigmatizing, and excluding students, whether they are gender nonconforming or not.~~

The Superintendent or designee shall review and update existing policies and procedures, including those regarding classroom activities, school ceremonies, school photographs, and dress codes, to verify transgender students are not excluded. In addition, the school district shall take the following steps to establish and maintain a nondiscriminatory environment for all students, including transgender and transitioning students:

- The school district must comply with N.J.S.A. 18A:37-15 and N.J.A.C. 6A:16-7.7, which prohibit harassment, intimidation, and bullying. The Board is required to develop, adopt, and implement a Policy in accordance with N.J.S.A. 18A:37-15 and N.J.A.C. 6A:16-7.7 that prohibits harassment, intimidation, or bullying on school property, at a school-sponsored function, or on a school bus. If harassment, intimidation, or bullying based on gender identity creates a hostile environment, the school must take prompt and effective steps to end the harassment, intimidation, or bullying, prevent its recurrence, and, as appropriate, remedy its effects.
- The Superintendent or designee should ensure training is provided to school staff members on sensitivity and respect towards transgender students.
- Social and Emotional Learning (SEL) concepts should be incorporated into school culture and curricula.
- The school district may seek a variety of professionals, including counselors and school psychologists, to provide emotional supports for all students who demonstrate a need. The Superintendent or designee shall ensure school counselors are knowledgeable regarding issues and concerns relevant to transgender students, students facing other gender identity issues, or students who may be transitioning. **The full, complete, and accurate reason for counseling and/or referrals for mental health crisis and/or concerns shall be provided to parents/guardians in relation to parental notification/consent for such services.**
- Student dress codes should not be enforced more strictly for transgender and gender nonconforming students than for other students.
- The school district shall honor and recognize a student's asserted gender identity, and shall not require any documentation or evidence in any form, including diagnosis, treatment, or legal name change.
- A school's obligation to ensure nondiscrimination on the basis of gender identity requires schools to provide transgender students equal access to educational programs and activities, even in circumstances in which other students, parents, or community members raise objections or concerns.

Confidentiality and Privacy

School staff members may not disclose information that may reveal a student's transgender status except as **provided by this policy and** allowed by law. ~~The Principal or designee~~

~~is advised to work with the student to create an appropriate confidentiality plan regarding the student's transgender or transitioning status.~~

~~The school district shall keep confidential a current, new, or prospective student's transgender status. Schools should address the student using a chosen name and the student's birth name should be kept confidential by school and school staff members.~~

~~Due to a specific and compelling need, such as the health and safety of a student or an incident of bias-related crime, the school district may be obligated to disclose a student's status. In this event, the The Principal or designee should inform the student the school or school district intends to disclose the student's transgender status for the student's protection and well-being. Prior to disclosure, the student should be given the opportunity to personally disclose that information. The school district should make every effort to ensure any disclosure is made in a way that reduces or eliminates the risk of re-disclosure and protects the transgender student from further harassment. Those measures may include the facilitation of counseling for the student and the student's family to facilitate the family's acceptance and support of the student's transgender status.~~

During a harassment, intimidation, or bullying investigation the school district is obligated to develop a procedure to report, verbally and in writing, an act of harassment, intimidation, and bullying committed by an adult or youth against a student, pursuant to N.J.A.C. 6A:16-7.7(a)2viii. In this instance, the Principal or designee should inform the student of the school's obligation to report the findings of the harassment, intimidation, and bullying investigation pursuant to N.J.S.A. 18A:37-15(d), which permits the parents of the students who are parties to the investigation to receive information about the investigation in accordance with Federal and State law and regulation. Under harassment, intimidation, and bullying legal requirements, parents are entitled to know the nature of the investigation; whether the district found evidence of harassment, intimidation, or bullying; or whether disciplinary action was imposed or services provided to address the incident of harassment, intimidation, or bullying.

~~The Principal or designee shall take into account the circumstances of the incident when providing notification to parents of all students involved in the reported harassment, intimidation, or bullying incident and when conveying the nature of the incident, including the actual or perceived protected category motivating the alleged offense, pursuant to N.J.A.C. 6A:16-7.7(a)2viii(2).~~

Disclosure of personally identifiable information from a student's education record to other school officials within the school district, whom the school district has determined have a legitimate educational interest in the information, may be permissible under Family Educational Rights and Privacy Act (FERPA)(34 C.F.R. § 99.31(a)(1)). The school district shall make a concerted effort to ensure school officials obtain access to only those education records in which they have legitimate educational interests.

The school district shall comply with all laws and regulations regarding the confidentiality of student records and student privacy, including the requirements set forth at 20 U.S.C. § 1232g, Family Educational Rights and Privacy Act; 34 CFR Part 99, Family Educational

Rights and Privacy; 20 U.S.C. § 1232h, Protection of Pupil Rights; 34 CFR Part 98, Student Rights in Research, Experimental Programs, and Testing; P.L. 104-191, Health Insurance Portability and Accountability Act; 45 CFR Part 160, General Administrative Requirements; 20 U.S.C. § 7917, Transfer of school disciplinary records; 42 CFR Part 2, Confidentiality of Alcohol and Drug Abuse Patient Records; N.J.S.A. 18A:40A-7.1, Confidentiality of certain information provided by pupils, exceptions; N.J.A.C. 6A:16-3.2, Confidentiality of student alcohol and other drug information; N.J.S.A. 18A:36-19, Pupil Records, creation, maintenance and retention, security and access, regulations, nonliability; N.J.S.A. 2A:4A-60, Disclosure of juvenile information, penalties for disclosure; N.J.A.C. 6A:32-7, Student Records; N.J.A.C. 6A:14-2.9, Student records; as well as all other existing Federal and State laws and rules pertaining to student records and confidentiality.

School Records

If a student has expressed a preference to be called by a name other than their birth name, permanent student records containing the student's birth name should be kept in a separate, confidential file. This file should only be shared with appropriate school staff members after consultation with a student. A separate file containing records bearing the student's chosen name may also be kept. If the student has previously been known at school or in school records by a birth name, the Principal or designee should direct school staff members to use the student's chosen name and not the student's birth name.

To ensure consistency among teachers, school administrators, substitute teachers, and other school staff members, every effort should be made to immediately update student education records (for example, attendance records, transcripts, Individualized Education Programs (IEP), etc.) with the student's chosen name and gender pronouns, consistent with the student's gender identity and expression, and not circulate records with the student's birth name, unless directed by the student. **Once changed pursuant to this policy, no records should be changed, altered, obfuscated, or amended to misrepresent the student's chosen name/identity.**

- The school district shall report to the New Jersey Department of Education (NJDOE) through NJ SMART a student's name or gender based upon that student's chosen name and corresponding gender identity. Changing the name or gender identity from what was reported in previous years will not affect the reliability of the data reported.
- If the school district changes a student's name or gender identity, it must also maintain locally a separate record reflecting the student's legal name and sex assigned at birth until receipt of documentation of a legal change of name or gender.

Activities

With respect to gender-segregated classes or athletic activities, including intramural and interscholastic athletics, all students must be allowed to participate in a manner consistent with their gender identity.

The school district shall:

- Provide transgender students with the same opportunities to participate in physical education as other students in accordance with their gender identity;
- Permit a transgender student to participate in gender-segregated school activities in accordance with the student's gender identity;
- Permit and support the formation of student clubs or programs regarding issues related to lesbian, gay, bisexual, transgender, and queer/questioning (LGBTQ) youth; and
- Offer support in the creation of peer led educational groups.

Use of Facilities

All students are entitled to have access to restrooms, locker rooms, and changing facilities in accordance with their gender identity to allow for involvement in various school programs and activities.

In all cases, the Principal or designee must work with the student and school staff members so all parties are aware of facility policies and understand the student may access the restroom, locker room, and changing facility that corresponds to the student's gender identity. ~~While some transgender students will want this arrangement, others may be uncomfortable with it.~~ Transgender students who are uncomfortable using a sex-segregated restroom should be provided with a safe and adequate alternative, such as a single "unisex" restroom or the nurse's restroom. Similarly, some transgender students may be uncomfortable using the changing facilities that correspond to the student's gender identity. Non-transgender students should also be afforded the option to use a private facility, such as **a restroom, locker room, changing facility**, single unisex facility or the nurse's restroom, should they feel uncomfortable.

- The school district shall allow a transgender student to use a restroom or locker room based on the student's gender identity.
- Reasonable alternative arrangements shall be made if needed to ensure a student's safety and comfort. This direction for accommodations should come from the student.

The Superintendent or designee will make available to school staff members a variety of resources regarding professional development opportunities as sourced by the NJDOE as well as developmentally appropriate information for students regarding LGBTQ issues.

The Board adopts this Policy to help school and district administrators take steps to create an inclusive environment in which transgender and gender nonconforming students feel safe and supported, and to ensure each school provides equal educational opportunities for all students, in compliance with N.J.A.C. 6A:7-1.1 et seq.
